LOW-CODE NO-CODE BUSINESS LUNCH

🕐 10:15 AM   📅 26th September 2024   📍 Dubai - UAE

Why Join Us:

Invitation-only event for CIOs & IT Directors	Hear how CIOs & IT Directors can efficiently tackle significant IT backlog using low-code/no-code application development.	How CIOs & IT Directors empower their team to automate workflows and build multiple custom apps on a single platform, ultimately saving IT costs.	Engage with peers.

You will learn how:

- How IT developers can create custom solutions with the fastest time-to-market.
- Gain insights into building no-code automated workflows, custom pages, dashboards, and integrations- all on a single platform.

- Learn how to create comprehensive low-code applications, including reusable custom components and API endpoints.
- How streamlined development process not only accelerates delivery but also significantly reduces IT costs.

Agenda:

10:15 AM
Welcome Coffee & Networking

10:30 AM
